Restoration of Decomposed Bodies.—The human body, in so advanced a state of decomposition as to be entirely unrecognizable, can now be so restored by chemical means as to present an almost completely natural appearance. This process was lately prac-, tised with success in London, in the case of a body found in the Thames, which was. suspected to be that of an escaped murderer, who had committed spicide. After the body had been subjected to the new process. the witnesses were able to swear that he was not the supposed murderer.

REPEAL OF THE TONNAGE TAX

THE GIGANTIC SWINDLE,

Tax-payers of Cumberland County 1-y have an account to settle with Gov. Curtin. The Legislature of this State, in 1861, re-leased by law, the Pennsylvania Rail-Road Company from the permient of Tonnago Tax, which deprived the State of a just revcame to the amount of some three hundred thousand dollars a year! Nay more, at that time the Rai Rand oved the State seven hundred thousand dollars for the two provious himdred thensend distant for the two pervious years tax. The Legislature, in a section of the same bill repealing the Tonnage Tax, wiped out this debt! So by this one act of the Legislature—which was then composed of a two-thirds Republican majority in the State contained above of both Houses-the State sustained a loss of the formage tax, then amounting to \$300,. CAU a year (it would be a million a year by this time.) and also the \$700,000 that was

tion before the people of this State in the fall of 1863. Curtin was then canvassing the State for Governor, and in all his speeches ic pledged his worl that he was opposed to the repeal of this 'just tax.' The Republican papers, without exception, also proless dinoppose the repeal. It was well known that Henry D. Foster, the D mocratic candidate for Governor, was opposed to this measure of wrong; it was known too than he Democrats in every county in the State. denounced the efforts the rid tood was ma king to be relieved of the tan. The Repub-lica is, knowing this to be the position of Foster and his friends, feared that the tay payers might favor the Democratic treket on this account. Hence it was that they too made great professions of hostility to the repeal of the tounage tax. We told our readers then that the Republicans were falsifying, and that if ever the rail road was relieved of this "just tax," it would be by

the Republicans.

To show the position the Republicans occupied in this county at that time, and the false means they resented to for the purpose of cheating the people out of their votes, we capy the following short article that ap-peared editorially in the Cartisle American shortly before the election of 1850:

"All who are apposed to the repeat of the Ton-nage Tax, will vote for Curtin, levin and Lowther."-- Callele American, before the election,

Well, the Legislature of 1861, as we have said, repealed the term 120 tax-Lewther, one of the members of the Hause from this Governor, gave it his sign care. Since then it has been a law, and the rail read pays no tax. Liss to the Stufe in two years, over

two millions of dolars!

In the political campaign that followed, (fall of 1861,) we spake of the fourt that Republicans had committed upon the people in repealing the Tonnage Tax. We reminded the voters that the Republicans (Gov. Cartinincluded.) had professed to be ho-tile to the repeal, but yet had passed in is abolished and the laws establishing the serious concern that any ground should brid signed the Bai and made it a lawsthrough the begislature, and the Governor The Republicans of this county felt the force of our strictures, and they determined afiaid the people would not again believe them, they adopted, unanimously, the following resolution at their County Convention, held at this place an the 9th of September, 1861; [See Miral I and American of Sept. 11, 1861.]

"Resolved, That the Republican Union party of Camberland county were apposed o the repeal of the Tonnage Tax, and that we condemn the action of the last Legisla-ture on that subject as a FRAVD upon the interest and policy of the State, and that we heartily approve of the conduct of the representative from this county, (Mr. Livin,) in the votes which he give in opposing the

measure."

Now, Republicans of Combert and county, iou have denounced the Bell repealing the Tournage Tax and stigmatized it as a reaun. Gov. Curtin made that 11% choo. He had it in his power to prevent the Bill becoming a law; he was pledged before the people to use his influence against the measure; but, in violation of his pledge, and no doubt for solid reasons, he signed the B.H and made at a law, and by doing so increase i the taxes of the people \$500,000 a year, and took from the State Treasury in addition \$790. 0091 You, Republicans of Goods should county, we say, have denounced this transnction "as a rango," and so it was, they Curtur is again before you asking for vour votes : he is your nominee to be covernor.
